fisionty. Voice Control

Plug in your Echo Dot with the micro-USB cable and connect to a power outlet.

2

Download the Amazon Alexa app from the Android/iOS app store and open it.

You will need an Amazon account to login to this app. Please input your login credentials or press the "**Create A New Amazon Account**" button at the bottom of the screen.

After logging in you will be asked to confirm various personal details as part of the setup process.

Press the icon located at the top left of the screen > select "Settings" > "Set Up a new Device" > select "Echo Dot". Your Dot is in setup mode if the Dot has the circling orange ring on the top.
